

IMPORTANT NOTICE PLEASE READ

The awarding bodies have designated, **Wednesday 24 June 2020**, as a 'contingency day' for the summer 2020 examinations. This is consistent with the qualification regulators' document *Exam system contingency plan: England, Wales and Northern Ireland* - <https://www.gov.uk/government/publications/examsystem-contingency-plan-england-wales-and-northern-ireland>.

The designation of a 'contingency day' within the common examination timetable is a day specifically set aside, should sustained national or local disruption within the UK arise during the Summer 2020 examinations. It is part of the awarding bodies' standard contingency planning for examinations.

In the highly unlikely event that there is national disruption to a day of examinations in summer 2020, the awarding bodies will liaise with the qualification regulators and the DfE to agree the most appropriate option for managing the impact. As a last resort the affected examinations will be rescheduled. Although every effort would be taken to keep the impact to a minimum, it is possible that there could be more than one timetable date affected following the disruption, up to and including the contingency day on 24 June 2020. The Examinations Officer will be alerted if it is agreed to reschedule the examinations. The decision regarding the re-scheduling of examinations will always rest with the awarding body and the Examinations Officer must conduct the examination on the scheduled date unless instructed to do otherwise by the awarding body.

We are therefore legally obliged to remind candidates that they must remain available until this contingency date even if their exam schedule may be set to be completed before this date. Should a candidate reach the end of their personal exam timetable and have completed all of their scheduled exams then they may dismiss the contingency date.

Should the contingency day need to be used, The Exams Officer will communicate with all candidates and parents with clear advice and instructions on how to proceed.

The scenario we hope to avoid is a candidate travelling and thus missing an exam, which could result in them being disqualified for that subject. If you do decide to travel before the contingency date, it is at your own risk. In the meantime, should you have any further queries, please do not hesitate to contact Jodie McCully j.mccully_jcd@gemsedu.com
