# Student of the Month

**Shreyas Thakur 7G2**

Shreyas is a modest hardworking student who always tries his level best, putting others first and helping his class friends if needed. He is a dedicated student, excelling in both sports and music at the college. Shreyas has embraced all opportunities on offer to him and because of this, he is thriving. Well done on a great month!

**Aikaterini Bikou in 8M2**

Aikaterini is a wonderful member of the Year group. Aikaterini embraces every opportunity that comes her way and relishes every chance she gets to fully immerse herself in the Jumeriah College community. Aikaterini is extremely diligent, determined and conscientious in her approach to her academics and her involvement in the wider JC community. Most notably Aikaterini has been involved in the JC basketball team, cross country and the drama production of Annie. She takes part in all of these activities with positivity, kindness and enthusiasm to do her best. Aikaterini is a great role model and exemplifies the JC core values in all she does and in all she takes part in. Well Aikaterini, keep displaying this wonderful school spirit. Well done, we are very lucky to have you in our Year Group!

**Joel Prosser 9F2**

Joel is an excellent student who is always polite and enthusiastic. He is kind and thoughtful towards his peers and is a great role model. Joel has an extremely positive attitude and is a willing participant in house events, form activities and lessons. A very deserving recipient of student of the month for October. Well done, Joel!

**Marwa Khan 10F1**

Marwa has started the year very positively both with her GCSE subjects and by taking on the role as Form Captain. She has achieved multiple achievement points for being hardworking and is praised by her teachers for her effort and contribution to class. Marwa's attendance is exemplary and she regularly demonstrates the JC Values we look for in a student of the month.

**Shehnai Mehta 11G1**

Many of Shehnai's teachers have been incredibly impressed with her positive attitude and work ethic so far this year. She continues to fully commit to working hard in all of her subjects, seeking teacher guidance to facilitate improvements.

I look forward to witnessing Shehnai's continue to conduct herself in this positive and productive way throughout the year.

**Joshua Stapley 12S2**

Joshua has had a very good start to Year 12. He has shown he is very hard-working and he upholds excellent organisation skills. Joshua took the lead in putting a presentation together on 'Resilience' which was delivered during a Year 12 Briefing. Mrs Aslam was particularly impressed with how Joshua delegated tasks among his peers and encouraged team work among the form class. Joshua is an all-round positive, kind pupil.

**Rohan Bahadur 13M2**

Rohan Bahadur 13M2 is the student of the month for Year 13. Rohan is always so positive and gets involved in all school activities. He is such a good role model in his Majid House Captain role and worked hard with supporting the Diwali dance.

# GEMS TEACHER AWARDS

CELEBRATING OUR INSPIRATIONAL TEACHERS

OCTOBER'S WINNER IS  
MARK CAHALANE

The Mariamma Varkey Award  
for Inspirational and Outstanding  
Teaching at GEMS

The past few weeks have been hectic for our Year 13s with everyone editing their essays, shortlisting universities, gathering transcripts and putting predicted grades together. Students at JC have been interested in a plethora of competitive programmes and multidisciplinary courses including Medicine, Law, Economics, Biomedical Engineering, Architecture among many others while targeting prestigious universities all around the world.

We had the pleasure of welcoming many universities into JC this year including Cambridge, UCL, UBC, Imperial, Boston University, Syracuse and many more from Hong Kong, Malaysia and other European destinations. Podcasts with universities such as Bristol, Newcastle and University College Cork were a unique opportunity that looked at information other than just popular courses, focusing on aspects such as mental health support, sustainability initiatives, and research programs.

The different application processes for countries such as the USA, UK, Canada and European destinations has definitely been a challenge in terms of meeting deadlines and putting time into our applications while managing an immense A Level workload. However, the extensive support available has helped us to make informed choices that will determine our next few years abroad.

We are proud to have a brilliant cohort paired with a dedicated Sixth Form team to support us this year in every aspect of our journey.

## History & Politics Halloween Party

# PEER MENTORING

# Support for Learning

## Student Podcasts

SfL will launch a series of podcasts, recorded with our sixth form students with different special education needs. I look forward to sharing their journeys and advice for our younger students with you!!

## Inclusion Support Team

We held our first inclusion support team meeting this term. We have redesigned the learner profile with support from our student representative Navieka Chandhani. We also updated our Exam Access Arrangements Policy.

## Upcoming Events (you asked, we provided)

- Presentation on Exam Access Arrangements
- Tues 1st November 8am-9am
- What are reasonable accommodations?
- Rest breaks/25% extra time
- What evidence is required?
- Questions and answers

## Lexia Literacy Intervention Programme

We are pleased to announce we have a new intervention programme in place for students experiencing challenges with reading/comprehension and for our English Language Learners.
