Despite February being the shortest month of the year, we have had loads of exciting things happening here in JC.

Students who had previously won the JC bakeoff were invited to Dubai Expo for a culinary experience with Michelin Star, Chef Vineet Bhatia. The selected students learned different cooking and plating techniques while also getting to sample the food which was prepared for Prince William and other dignitaries a few days later at the UK Pavilion.

We celebrated Children's Mental Health week with music, activities and talking about the things that make us happy and what we do for our mental health. The February JC Podcast was a discussion between Ms. de Mascarel and Mr. Pedder about mental health and how we can best support young people in our society.

Students sent and received roses for valentines day and raised money for our Jumeirah College Charity Committee. Instilling one our JC values, Kindness. The Charity Committee sold a total of 285 roses this year.
